Dear Friends and Supporters,

Here we are once again with a newsletter from The Camillian Children's Home (CSC) and The Independent Living Center (IDP) for November 2023. This month, both of our homes had many different activities for our children in order to develop their quality of life in the future. So, our children have managed their time with duties and school work to accommodate these activities. They enjoyed doing activities with many different groups of visitors. We would like to give our sincere thanks to all the kind Thai people who have brought us many donations of useful items and also, many kind people from overseas who have transferred cash for our center's projects.
